

ZCT Limited: Environmental Policy

Updated January 2009

ZCT is committed to to continuous improvement of this policy. This policy is reviewed annually and updated when necessary. ZCT aim to exceed compliance with relevant environmental legislation as a minimum level of performance. ZCT ensure that employees are trained regarding environmental issues and the environmental effects of their activities.

We are committed to ‘Reduce, re-useand recycle’ wherever possible

Specific measures that ZCT adhere to

- Ⓢ Transport. ZCT share a single vehicle between all employees. This car is only used for essential transport. All other journeys are taken using public transport or cycles.
- Ⓢ All packaging materials are recycled where possible or products are chosen with less or no packaging.
- Ⓢ ZCT are committed to the reduction of waste
- Ⓢ ZCT actively reduce energy usage by these methods: low energy light bulbs, computers and lights switched off when not in use, heating only on when necessary and insulation fitted where possible.
- Ⓢ ZCT use biodegradable chemicals where possible
- Ⓢ ZCT use Fairtrade products where possible
- Ⓢ ZCT avoid the use of solvents and lead-based paints
- Ⓢ ZCT use timber products sourced from sustainable (managed) forests
- Ⓢ ZCT take active measures to minimise noise disturbance to neighbours and maintain good communication with them
- Ⓢ ZCT use paperless invoicing where possible
- Ⓢ ZCT use electronic brochures (pdf)

ZCT expect similar environmental standards from all suppliers and contractors and welcome any suggestions as to how we can improve our environmental policy.
